

MonaLisa Touch Post-External Treatment Instructions

It is important to follow your treatment provider's instructions before and after treatment.

Post-Treatment Instructions

- Schedule follow up visits as recommended by your treatment provider.
- Refrain from vaginal sexual activity for 7 days after treatment.

Patient Post Treatment Instructions

- Keep area moist by applying occlusive ointment to the treated area
- Wait 1 day before taking a shower or bath (avoid using hot water on the treated area until healing is complete).

2 Hours post treatment

- Skin may feel sensitive and may be red and swollen and treated area may be itchy
- Use cold compresses or cold gel packs (20 minutes on; then 20 minutes off) as needed for swelling and discomfort
- Gently cleanse the area 2-3 times a day with sterile saline or a mild, hypoallergenic cleanser
- Reapply occlusive ointment after each wash and continue to use until skin is healed.
- Avoid lifting heavy weights or doing intense physical exercise for 3-4 days following the treatment.
- Refrain from sexual intercourse for a week after the treatment.
- Wear loose, cotton underwear
- Avoid wearing panty hose and tight-fitting pants.
